

Cobra Hose Packaging Specifications

Poly-Flow Cobra Sewer Cleaner hose assemblies are packaged on sturdy **wooden reels** as our standard specification.

Competitors offer less durable cardboard reels as their main packaging specification. A wooden reel can be provided at a \$ 75.00 additional charge, which equates to a \$.15/ft adder to the cost.

Poly-Flow's standard **wooden reels**:

- **Provide maximum protection from damage during transportation.**
- **Easy to handle in storage.**
- **Resistant to the effects of the weather (rain, heat, etc.)**
- **Provide easy transfer of product from the factory reel to the vehicle reel.**
