## Vacuum Hydro Excavation

LP573 SDT Hydro unit

Technical Specifications

**Affordable Quality**

### Highlights

#### Filtration

Patented CVS Filtration unit with a 28" Cyclone and four way valve for reverse air applications, this filtration system provides unparalleled noise suppression and cleaning ability to the Vac-Tron Product

#### 7 Series Claw Lock

Fitted with a no fuss over centre locking mechanism for positive lock and unlock

#### Boom

With the optional 4 or 6 way hydraulic boom, or pictured Strong arm boom, you can maximize your efficiency, and reduce work place fatigue supporting your vacuum hose.
